Soviet Union Warns Against Arming Troops

BONN, Germany, May 5 (UPI)—The Soviet Union drove a new note of urgency today into the war of words between Moscow and Bonn with a fresh warning against arming West German troops with atomic weapons.

To equip West German soldiers with A-weapons, the Soviet Union said, would lead to "grave consequences."

The Bonn government instantly labeled the Soviet message "unsatisfactory" and said the Soviet Union would better serve the cause of peace by agreeing to controlled disarmament rather than by continuing to threaten the Western Allies.

New Message

The new message, as the others recently dispatched by Moscow, appeared aimed—at least in part—at thwarting Chancellor Konrad Adenauer's bid for re-election in September. Adenauer is clearly in trouble over the atomic issue and the Soviet Union appears ready to give him no rest on the subject.

The recently concluded Bonn conference of the North Atlantic foreign ministers helped boost Adenauer's prestige. But in some quarters there were cautious predictions the whole thing might boomerang.

The opposition Socialists kept up a steady drumfire of attack against the conference and Adenauer. They call the NATO session a "fiasco," assailed the ministers for accepting nuclear weapons as a major deterrent and declared nothing was done to solve the German reunification problem.

Thus, Adenauer has been moved swiftly to the defensive again. He has a good chance, however, to add to his stature in conferences this week with British Prime Minister Harold Macmillan.

The new Russian note was a polite one. It was delivered yesterday while Adenauer was conferring with U. S. Secretary of State Dulles. Its contents were disclosed in a Moscow radio broadcast today.

Hot Words

In a hotly worded message sent to Soviet Ambassador Andrei Smirnov last week Adenauer complained the ambassador failed to inform the Kremlin about a personal meeting in which Adenauer said he pointedly advised Smirnov West Germany has no atomic weapons and hasn't asked for them.

In the new note, Smirnov replied that at that meeting Adenauer had not "made any statements to the effect that West Germany does not intend to arm itself with atomic weapons" or allow the stationing of foreign troops equipped with atomic weapons in its territory.

As a matter of fact, Smirnov said, Adenauer "completely ignored" the Soviet complaint that U.S. troops allegedly have stocked atomic weapons on West German soil.

The next step is up to Adenauer, and his problem is difficult, for a real dilemma is posed for him. On the one hand, he has committed himself to a course of full agreement with the Western Allies, who decided at the NATO Council meeting to warn Russia they are ready to use "all available weapons," including nuclear arms, to counter any Soviet attack.

At the same time, he has shown himself unwilling to risk his political future on the atomic issue for fear, informants said, of a public uprising against A-weapons on stockpiling.

Ives Opposes Elimination Of Provision

WASHINGTON, May 5 (UPI)—Sen. Ives (R-NY) said today that elimination of the union shop provisions of the Taft-Hartley law now "might prove disastrous to labor-management relations."

Ives issued a statement explaining why, he said, he has consistently opposed federal "right-to-work" legislation which would outlaw collective bargaining provisions making union membership a requirement for obtaining or obtaining or holding a job.

Proposal

Sen. McClellan (D-Ark), chairman of the Senate Rackets Investigating Committee, has proposed a "right-to-work" amendment to pending civil rights legislation. The administration opposes the amendment.

Ives is vice chairman of the committee.

Ives said the rackets investigation has shown democracy to be "nonexistent" in some unions, and that legislation to correct this may be needed.

"I believe," he said, "that the elimination of the union shop provisions of the Taft-Hartley Act without first endeavoring to insure democracy in labor organizations through the assurance of free and open elections might prove disastrous to labor-management relations."

The warning was sounded by the Senate Juvenile Delinquency subcommittee in a 252-page report setting forth its recommendations for dealing with the problem.

Macmillan Reportedly Plans Visit To Russia In Autumn

LONDON, May 5 (UPI)—Prime Minister Harold Macmillan is considering a visit to Moscow this fall, reliable political sources said today.

Before engaging in any talks with the Soviet leadership, however, he was said to be determined to go ahead with British H-bomb tests in the Pacific—fixed for about June 15—and to await the outcome of the West German elections in September.

A dispatch from Bonn said that if he has decided to go to Moscow in the fall, he has not yet told his foreign secretary, Selwyn Lloyd. The foreign secretary has been attending meetings there of the North Atlantic Treaty Organization and is now waiting for Macmillan, who starts a three-day visit to Germany Tuesday.

Newspapers

British newspapers have been reporting Macmillan is planning to take up Russia's open invitation to return the 1956 Bulgarian-Khrushchev visit to Britain. He made his predecessor, Sir Anthony Eden, to travel to Moscow this month.

Foreign ministers of the 15-nation Atlantic Alliance discussed during their two-day conference in Bonn whether and how the West should set out to meet Russia's recent smiles campaign, best set forth in a recent note of Premier Bulganin to Macmillan. In that note Bulganin said he attaches the greatest importance to the value of personal contacts between leaders of the big powers.

The Allies are ready to take judicious advantage of any available opportunities to resume relations with Russia, but certainly with more reservations than existed before the events in Hungary last fall.

It is within this context that Macmillan may be expected to decide just when he should go to Moscow. If and when he does go, it will be with the full knowledge and blessing of the other NATO Allies, a Bonn informant said.

Democrats To Resist MADISON, Wis., May 5 (UPI)—Wisconsin Democratic leaders declared today they will resist any attempts by controlling Republicans in the state legislature to amend laws to permit Gov. Vernon Thomson to appoint successor to the late Sen. Joseph R. McCarthy.

DAMASCUS, May 5 (UPI)—Syria's pro-Egyptian left beat down the challenge of a new anti-Communist coalition today and won a special parliamentary election battle in Damascus.

Three Dynamite Blasts

SHENANDOAH, May 5 (UPI)—Senate investigators said today that if the upward trend of juvenile delinquency continues unabated, more than one million children will be brought before the courts in 1965.

The warning was sounded by the Senate Juvenile Delinquency subcommittee in a 252-page report setting forth its recommendations for dealing with the problem.

Large Crowds At McCarthy Viewing

WASHINGTON, May 5 (UPI)—Hundreds of admirers of Sen. Joseph R. McCarthy paid him tribute today as his body lay in state at a funeral home near the White House.

An attendant said the crowd was larger today than it was Saturday, when 2,040 persons signed the guest register.

Police Halt Demonstrations

BOGOTA, Colombia, May 5 (UPI)—Police broke up demonstrations with tear gas and streams of dyed water today, interrupting mass in a church where a priest renewed his attacks on the government.

The action shattered the brief calm in Bogota that followed Saturday's student anti-government outbreaks.

CLU Committee To Place Petition Before E.S. Council

FIRE IN THE HOLE! Borrowing an old Army phrase, Monroe County firemen kicked their annual fire training school off to a boisterous and billowing start last weekend with this "five-alarm fire." Firemen had planned conditions to simulate almost any kind of fire imaginable. Here they advance on a pit-oil fire using high pressure fog hose

nozzles for maximum protection. Two-day school was planned with use of State Fire School specifications. It is intended to provide intensive and up-to-date instruction in latest firefighting methods. Story and other picture on Page Three.

East Borough Officials To Discuss Merger

A SIX-MAN committee representing the Central Labor Union of Monroe County will meet with East Stroudsburg Council tomorrow night.

The committee will present a petition before the Council. Signers of the petition are among those who are asking that the question of merger of the twin Stroudsburgs boroughs be placed on an official ballot.

Members of the committee are: Ralph Paul and Paul Dellarria, co-chairmen; Howard Strouse, James Devaney, Sam Miller and Arthur Frantz. A similar committee will confer with Stroudsburg Council at its June meeting, Dellarria said last night.

The petition to be presented tomorrow night contains in excess of 400 names.

This portion of the campaign to place the question of borough merger before the electorate is being handled by the Central Labor Union.

Pressing Campaign

Once the petitions have been submitted to Councils in both boroughs, however, the CLU will join with other interested organizations (including service clubs) in the two boroughs in pressing the campaign, Dellarria said.

The spokesman emphasized that a full-scale education program will be planned and carried out before the question comes before the people. "We don't care how the people vote on the matter when it is on the ballot, finally," Dellarria said, "but we want to make absolutely certain that all the facts have been presented to them fairly before they vote."

Dellarria said that the CLU does not expect councils to approve merger and that this is not the major purpose of presenting petitions. The committee wants to secure approval from council members for placement of the question on the ballots only.

Question

Whether council approves or not the question can be registered on ballots through execution of additional petitions, however.

A move will begin shortly to organize hotel and restaurant employees in the Pocono Mountains area.

At a Central Labor Union of Monroe County meeting last night in East Stroudsburg, Hyman B. Doppelt, international representative of the Hotel and Restaurant Employees and Bartenders International Union, AFL, told members that his union will begin its organization drive shortly.

Doppelt asked the support of member unions within the CLU.

Dellarria said last night that some petitions have still not been turned in.

"We would greatly appreciate having such petitions turned in today or tomorrow. This is especially true of East Stroudsburg petitions. If those having petitions in their possession will call me I will pick them up or the petitions may be dropped off at my home, 58 Prospect St., East Stroudsburg," the co-chairman said.

ACLU Accuses Catholics Of 'Censorship'

NEW YORK, May 5 (UPI)—The American Civil Liberties Union said today a Roman Catholic group is actively engaged in "censorship of what the American people may read."

The ACLU statement said the actions of the National Organization for Decent Literature are "seriously violative of the principle of freedom."

The ACLU said more than 15 prominent figures in the fields of publishing, literature and the arts signed the statement. They included novelists James T. Farrell and John O'Hara, playwright Arthur Miller, theologian Reinhold Niebuhr and Mrs. Franklin D. Roosevelt, widow of the President.

Reading Group

"There are other religious organizations, as well as racial, labor, parent-teachers and women's groups, who also engage in censorship activity," the ACLU said, "but our attention . . . is focused on the NODL because of the prominence it has achieved and the great influence it has wielded in removing books from circulation."

The ACLU said the NODL uses a "reading community of mothers of the Roman Catholic faith in the Chicago area" to evaluate literature as to its suitability for youth.

The NODL has "prepared blacklists, threatened and imposed general boycotts and awarded unofficial certificates of compliance," the statement said.

Sun Returns To Texas

DALLAS, May 5 (UPI)—A bright sun covered Texas today and for the first time in 18 days flood-wary Texans could look at the sky without seeing a rain cloud.

At Wichita Falls, where Holliday Creek and Wichita Lake flooded streets and forced dozens of families from their homes, police Sgt. A. M. Davenport said, "The peak has passed. It's just clear and sun-shiny as could be."

Davenport said, "The water is going down. Not all the folks are back in their homes yet. But they will be tomorrow." He said the creek and the lake were falling.

The threat to a million-dollar bridge across the Brazos River in central Texas appeared to have passed today. Highway engineers were said to have expected the bridge to be washed away by two rises in the river.

Union Able To Make Accounting

BUFFALO, N. Y., May 5 (UPI)—A top officer of the United Steel Workers said today his union has 15 million dollars in combined resources and "every penny is accounted for and safeguarded."

The official, L. W. Abel of Pittsburgh, international secretary-treasurer, spoke at ceremonies dedicating the new headquarters of Local 1743 here.

Wife Issues Sharp Words To Harry

WASHINGTON, May 5 (UPI)—Harriet Truman, exponent of the give-'em-hell technique, said today he got a dose of the same from "the boss"—Mrs. Truman—for suggesting that President Eisenhower doesn't spend enough time in Washington.

The former President told reporters who accompanied him on an early morning walk yesterday, that, "You guys would have fried and boiled me in oil if I'd spent that much time away from the White House."

Today he told strolling newsmen that his wife "gave me hell" for this remark.

Disappointed

But Truman went on to criticize Eisenhower anew, saying no one is more disappointed in the present administration than he is.

In view of Eisenhower's "back-ground and experience," Truman said, he had "expected something different."

Still, his comments were more restrained than yesterday's, which drew a suggestion from James C. Hagerty, White House press secretary, that "the record" on days away from the White House should be studied.

Records show that Eisenhower, during his first term, spent an average of 112 days a year on trips and vacations compared with Truman's 86-day average. Excluded from the Eisenhower figure were 81 days spent in Denver and Gettysburg, Pa., convalescing from his 1955 heart attack.

Ives issued a statement explaining why, he said, he has consistently opposed federal "right-to-work" legislation which would outlaw collective bargaining provisions making union membership a requirement for obtaining or holding a job.

Ives is vice chairman of the committee.

Ives said the rackets investigation has shown democracy to be "non-existent" in some unions, and that legislation to correct this may be needed.

"I believe," he said, "that the elimination of the union shop provisions of the Taft-Hartley Act without first endeavoring to insure democracy in labor organizations through the assurance of free and open elections might prove disastrous to labor-management relations."

The warning was sounded by the Senate Juvenile Delinquency subcommittee in a 252-page report setting forth its recommendations for dealing with the problem.

Restoring Funds May Be Slow

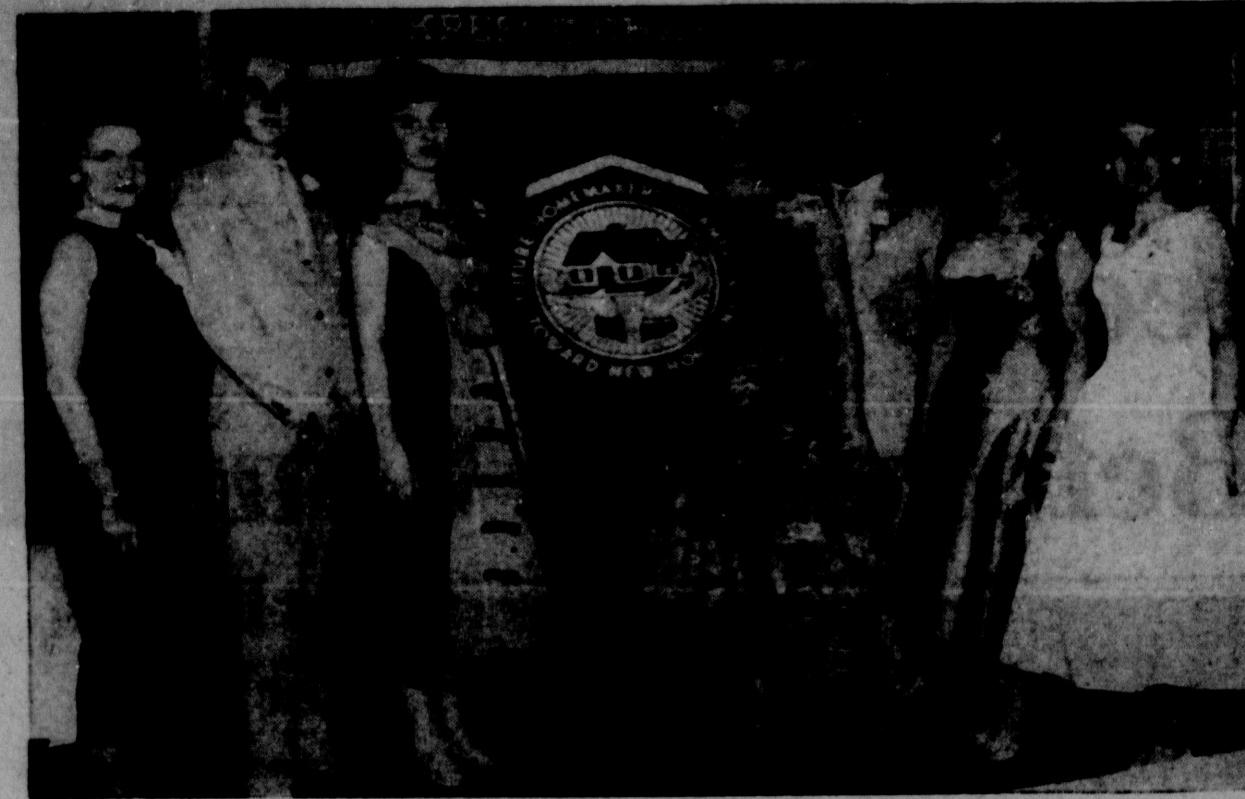

WASHINGTON, May 5 (UPI)—Sen. Robertson (D-Va.) said today he does not expect the Senate Appropriations Committee to restore all of the House cut in funds for the Post Office Department in the year ahead.

The committee plans to vote this week on the money bill carrying funds for the Post Office and Treasury departments.

Its action will be closely watched since this is the first of the appropriations measures for fiscal 1958 to come before the Senate this session. Fiscal 1958 starts July 1.

So far the House has made reductions totaling about \$1,200,000 in the eight new appropriation bills on which it has acted.

The eight bills carried administration requests for nearly 1

Democrats Gain On Voter Rolls

HARRISBURG, May 5 (UPI)—Registration figures for the May 21 primary showed today that Democrats inched closer to Republicans in total voter enrollment. Both parties showed losses. Republicans more than Democrats.

Republicans as they have down through the years, held an edge over the Democrats with a registration of 2,780,411 to the Democrats' 2,367,888. But the Democrats whittled down the Republicans' lead to 382,523 as compared to 446,911 for the 1956 election. There was a spread of one million votes between Republicans and Democrats in 1954, the year Gov. Leader was elected. Democrats have been reducing that margin each year since that time.

Slate Belt Police Hold Banquet

BANGOR—Members and guests of the Slate Belt Police Assn. enjoyed the seventh annual banquet of that organization held on Saturday in Stockertown Memorial Hall. Some 225 persons attended and heard an address by Walter McLaughlin of Philadelphia, a member of the Federal Bureau of Investigation.

Attorney James Pritchard of Bangor, solicitor for the association acted as the master of ceremonies and introduced the chief burgesses and township supervisors of the various communities represented in the association.

Invocation

The invocation was offered by Pasquale Vicario of Bangor, organization chaplain and Mrs. Hillie McFall was introduced. Others presented were Asher G. Abel of Bangor, the senior banker in years of service in Northampton County; Joseph Grigg, of Bangor president; Jack Branton of Pen Argyl, vice president; Donald Rohr of Plainfield Township, secretary and Anthony D'Imperio of Roseto, treasurer.

Following in his father's footsteps, Rev. Mr. Eaton was graduated from Asbury College in 1926 and accepted his first pastorate at St. Luke's, Bryn Mawr, while enrolled in the Asbury College Seminary. He left St. Luke's under Episcopal appointment in 1935 to become the minister of Columbia Avenue Methodist Church, Philadelphia, where he served until 1941 when he came to East Stroudsburg.

Growth

The church which he serves has grown in membership during his ministry from 637 to 2,100 members, making it the largest congregation in the Philadelphia Conference.

A speaker on conference, district, and local church levels, Rev. Eaton was for two years Dean of Pocono Institute for Methodist Youth, Cresco, and from 1953 to 1955, served as president of its commission with a program covering a span of five weeks or institute each summer.

In 1955, Rev. and Mrs. Eaton went to Japan with the Special Centenary Mission organized by Dr. Lawrence Lacour.

Theological Conference Set For Buck Hill

By Paul Carlson

BUCK HILL FALLS—Some of America's keenest theological minds will meet here this week to quietly consider many of the burning issues facing the Christian Church today.

There will be no fanfare as 150 delegates from 32 denominations gather at The Inn, beginning Wednesday, for the annual meeting of the U. S. Conference of the World Council of Churches. Yet what they say and do here will

have direct influence on the Church at large.

Dr. Paul S. Minear, professor of New Testament at Yale Divinity School, and secretary for study and program of a conference to be held at Oberlin, O., Sept. 3-10, will present an address Friday morning.

Dr. Minear will speak on the topic, "The Nature of the Unity We Seek," which will deal with some of the underlying themes of the North American Faith and

Order Conference to be held in Oberlin.

At Oberlin, U. S. and Canadian denominations will come together on a continental basis for the first time to discuss the basic problems involved in achieving a united Christian Church.

Prior to that meeting, church leaders will have been engaged in "conversations" on the theme in 16 official study groups at work in as many urban areas in the U. S. and Canada.

Church leaders appear certain that Christians of all communions are better prepared for a discussion of unity than they were 50 years ago. However, they are not convinced as to how that unity is to be expressed.

At any rate, the Subcommittee on Unity of the World Council's Central Committee has already come up with these 10 "convictions."

One—"The unity of the Church is a given unity, in that it has its essential reality in Jesus Christ Himself."

Two—"The New Testament

teaching on the Church implies a visible unity, which must be made manifest to the world."

Three—"The cooperation of the churches is not enough."

Four—"Continued acquiescence in division is contrary to God's will."

Five—"A concept of uniformity is structure and worship as necessary to Christian unity should be rejected."

Six—"Full church unity must be based on a large measure of agreement in doctrine."

Seven—"Sacramental communion is a necessary part of full church unity."

Eight—"A ministry acknowledged by every part of the church and some permanent organ of conference and counsel are required."

Nine—"The unity of the Church depends upon the renewal of the Church."

Ten—"This unity is not to be sought for its own sake only, but for the sake of the world in which the Church performs its mission of evangelism."

It will be these "convictions" which will be in the minds of the

delegates as Dr. Minear discusses "The Nature of the Unity We Seek."

In addition to this discussion, Episcopal Bishop Angus Dun will report on plans for the Oberlin Conference on Thursday morning.

The three-day conference will open here at 8 p.m., Wednesday when Dr. J. Oscar Lee, executive director of the National Council of Churches Department of Racial and Cultural Relations, discusses world-wide racial and ethnic tensions.

Dr. D. T. Niles, Ceylon, secretary of the World Council's Department of Evangelism, will speak on the council's evangelistic responsibility on Thursday morning.

A report on the recent meeting of the East Asia Christian Conference will be made by the general secretary of the International Missionary Council, Dr. Charles W. Ranson.

The Asian conference laid the groundwork for a regional organization of churches and church councils in East Asia. Its organization is said to mark the opening of a new era in the independence and cooperation of the so-called "younger" Christian Churches.

On Thursday evening, Dr. Hendrik Kraemer of The Netherlands, will discuss "The World Council Confronting the Resurgence of Non-Christian Religions."

Dr. Kraemer, author of some of the best-known books on the relation of Christianity to non-Christian religions, was the first director of the World Council's Ecumenical Institute at Bossey, Switzerland. He is currently guest professor at Princeton Theological Seminary.

On Friday morning, Dr. O. Frederick Noide, New York, will discuss "Current Points of International Tension" and the role of the Commission of the Churches on International Affairs, of which he is director.

The Rt. Rev. Henry Knox Sherrill, New York, presiding bishop of the Protestant Episcopal Church, is chairman. The conference will adjourn at noon Friday.

Forest Fire Burns Over 300 Acres

LONG POND—Firemen worked Friday night and early Saturday to extinguish a blaze which burned over 300 acres of woodland off Route 115 in Long Pond.

Assistant District Forester Robert Pierce said the fire was reported about 8:30 p.m., Friday, and kept 10 to 12 men on the job until about 3 a.m. Saturday.

The firemen, working under the direction of Research Forester Eugene McNamara, backfired around the blaze.

Meanwhile, District Forester E. Clyde Pyle reminded area residents to use extreme caution in starting outdoor fires. The fire index stood in Class Four yesterday. This is considered to be high.

Pittsburgh and Harrisburg had been engaged in a running battle to secure the convention next year.

In unanimous voting, delegates backed the City of Philadelphia's bid for the 1959 National Jaycees convention. Newly-elected officers are now discussing plans to attend the 1957 national convention to be held in Milwaukee, Wisc. on June 21.

Previous recipients of the award—made on the basis of community service—have been individuals.

Golden Deeds Award For Gray Ladies

NINTH ANNUAL "Golden Deeds Award" presented by the East Stroudsburg Exchange Club will go this year to a group of women who have devoted countless "hours and years" to making hospitalized patients' lives a little happier.

Recipients of the 1957 "Golden Deeds" citation will be the Gray Ladies' Service of the Monroe County Chapter of the American Red Cross.

It marks the first time that the service has been honored by a community organization on a large scale, despite the fact that its women members have been working at General Hospital of Monroe County for years.

Litterbugs Should Be Discouraged

Spring is the time of year when we put our lawns and gardens in order, engage in house-cleaning and otherwise get rid of Winter's accumulation of trash.

Why not extend our efforts to the highways and byways that are so much a part of the picturesque Pocono scene!

A trip along almost any road in the county will uncover all sorts of litter—from cigarette butts to garbage. It all adds up to an inexcusable eyesore on our otherwise beautiful scenery.

What is more important than a clean-up campaign, however, is to educate the public in keeping our landscape green and fresh and beautiful.

We prefer the voluntary approach in persuading people to be more careful in disposing of their trash. But if that means fails, it becomes necessary to resort to the state law governing the disposal of garbage and other litter along the roadside and

on property of other persons.

A news dispatch told recently of a "litterbug" who was arrested after he had carelessly tossed something from his moving car. A motorist who was following him in another vehicle jotted down the license number and turned it over to authorities.

Other means of apprehending guilty parties have been reported. In the case of someone who had dumped a pile of rubbish along the highway, an enterprising law officer found a discarded envelope with the "litterbug's" name on it.

Then there was the farmer who discovered some garbage on his property. A prescription label on a broken bottle led to the arrest and conviction of the law-breaker.

Trash collectors in San Diego call the "litterbugs" by other names—such as "stewballs" and "scatterpillars." No matter what the designation, we'd be better off if there were fewer of their breed.

Let's Honor Those In Health Professions

Next Sunday is the 137th anniversary of the birth of Florence Nightingale, that inspirational nurse of long ago. It was she who put to test the art and science of nursing the sick and wounded and through her efforts a profession was born.

During the years, the field of nursing has continued to grow in importance and its contributions to the health of everyday living have become indispensable.

Each year more and more citizens of our country are afforded professional nursing care. Health is restored to the sick more quickly and the ravages of disease lessened or averted through the efforts of our professional nurses.

Gov. George M. Leader has proclaimed

George Sokolsky Says...

Courts May Not Make Distinction Between Avoiding And Evading Payment Of Taxes

I have a letter from C. E. Spencer, president of the Case-ment Hardware Co. and the Win-Dor Corp. of Puerto Rico, who instructs me learnedly on the difference between avoid and evade. As every taxpayer would like to know the difference between avoid and evade, I can only hope that Spencer's definitions will be accepted by the income tax collectors and by the judge. Spencer writes:

"Your worst 'goof' is where you twice refer to tax evaders. Certainly with your command of language you should know the difference between 'avoid' and 'evade.' Ever since the Boston Tea Party it has been considered the duty of patriotic Americans to avoid taxes which is legal, but evasion is illegal and a criminal act. (I notice further the extent of your confusion where you say 'Then the tax evader finds a legal and comfortable way to evade some taxes, throwing the burden on other citizens'). There is no legal way to evade taxes."

The answer to that is: "Tell it to the judge!!!"

We who have to pay our full share of taxes cannot work a gimmick that will help us to turn evade into avoid. Those whose tax is collected by the withholding method cannot avoid taxes or evade taxes. They just have to pay and pay and hope that they overpay and do not underpay.

The economic interpretation of the Boston Tea Party, which in

the week of May 12 to 18 to be Pennsylvania Health Week and Pennsylvania Nurse Week in recognition of the fact that "the strength, vigor and prosperity of our citizens are directly related to their good health; and an increased knowledge of all factors contributing to good health, as well as a better understanding of the work of those whose lives are spent in health careers, will contribute to the advancement of these careers and to better health for all."

We join in paying special tribute to our nurses and all other health professions. Let everyone honor these men and women who, as Gov. Leader says, "give their devoted service to continued progress in advancing better health for our citizens."

This is quite true. Enterprise flows to where it is advantageous to be. The huge American industrial base was established largely by run-away capital and run-away workers from European countries. In this exodus of men, money and machines, first played tremendous roles, and Great Britain and then Germany when they lost was America's gain.

Since the United States has gone in for the universal welfare state, our cost of operations has become enormous, not only for the Federal Government which is now required to adopt the elephantine Eisenhower Budget, but for state and municipal governments as well. Meanwhile, the Eisenhower Administration is pouring billions into Europe, Africa and Asia, some of which undoubtedly comes back here as risk capital in amounts that are dangerously large.

Money moves to the place where profits are good and safety is assured. If it moves from the United States to Puerto Rico or Canada or anywhere, it means that there one can make a profit and the money is safe.

The U. And permit the Duchess to enter the hearings accompanied by her publishers, the Duke, celebrities from the international set, and groups from the Nassau set, and the Waldorf Towers Foreign Legionnaires. Robert S. Allen Reports...

Intercontinental Missile To Be Tested This Month

Washington, May 5 — The target date is now set for that long awaited first test of this country's main entry in the life-and-death race to develop an intercontinental ballistic missile.

Sometimes this month a prototype "ultimate weapon" will be fired from Patrick Airbase, Cape Canaveral, Fla.

The ICBM which will make this fatal test is the Air Force's Atlas.

The 90-foot, bullet-shaped missile, constructed at Convair's plant in southern California, is at the testing range undergoing final preparations. These include important Navy participation.

One aspect of that which can be reported is the stationing of a number of destroyers along the Atlantic's anticipated course over the

Atlantic.

These fast, especially-equipped ships will have a dual mission: to keep an eye on the missile, and to maintain a close watch for Russian submarines. They are definitely known to have recently been in the area to be traversed in this test flight.

While the Atlas is highly classified, the following can be reported.

It will be controlled from the ground.

It should travel at speeds in excess of 10,000 mph (more than 15 times that of sound), and reach a height of over 650 miles.

Distance of the forthcoming test will be controlled to around 2,000 miles. The ICBM has a projected range of upwards of 5,000 miles.

The momentous experiment comes at an encouraging time for the Air Force.

It follows closely on the heels of two successful tests of the Air Force's controversial intermediate range ballistic missile Thor.

Those urgently needed successes were achieved after three consecutive misfires.

The most recent Thor "firing" was cloaked in utmost secrecy. But it can be stated the missile performed outstandingly.

So did the Army's rival Jupiter.

In that closely guarded test witnessed by Defense Secretary Wilson, this IRBM performed far better than was indicated.

The Jupiter soared to a height of 117 miles and made a "controlled" flight of more than 450 miles.

The missile could have gone much further, but was brought down at that distance by ground control to demonstrate this capability to Wilson.

The Army is designed for a controlled flight of 1,500 miles.

In an uncontrolled test last fall a Jupiter covered more than 3,000 miles and reached a height of over 600 miles.

Note: The Air Force has a stockpile of some 50 Thor missiles.

ment officials are worriedly hoping Dulles returns from the Bonn conference in a better mood than when he departed.

He left glaring at them in high dudgeon.

Causes of Dulles' anger was his disconcerting experience at that hurried meeting he held with the Senate Appropriations Subcommittee just before taking off for the NATO parley.

Dulles' purpose was to persuade this powerful Senate group to restore the \$47,331,000 the House slashed from the State Department's \$227,714,000 budget.

He sought to read a lengthy statement, which would have left the senators little time to question him.

He was politely but firmly interrupted by Senate Democratic Leader Lyndon Johnson. The Texan challenged Dulles' contention that the House cut would necessitate the dismissal of 325 state employees. In the ensuing sharp discussion, Johnson's position was supported by Edward C. Crouch, the Department's budget officer.

Relying to a question, Crouch conceded the House slash would not require the discharge of any workers. This drew a stern reproof from Dulles.

"I would like to be the principal witness for the State Department," Dulles said stiffly. "That is what I am here for, and I am fully prepared to discuss all the Department's affairs. Mr. Crouch's assertion is only theoretical."

"We are glad to hear your views, Mr. Secretary," said Johnson quietly, "but you are here at the courtesy of this Committee. We are interested not only in hearing what you have to say, but we also want to know what your assistants think. We assume they are competent, or you wouldn't have them as your assistants."

Picnic, Music Tonight Ends AAUW Year

Spring song and a picnic meeting have been scheduled for tonight marking the end of the club year for the Stroudsburg branch of the American Association of University Women. It will be held at the home of the president-elect, Mrs. David Marz, Three Point Gardens at 6:15.

The program has been designed to fit in with the informal outdoor atmosphere featuring Carol Harrington Cartwright, soloist; Elsie Mazer, flute, and Wendy Mazer, pianist, in a program of unusual music.

Mrs. Charles Albert will preside at the brief business meeting, and Mrs. Sumner Bossier is in charge of supper arrangements. The picnic supper will be held indoors if the weather makes it necessary.

Local Guild To Be Represented At Diocese

Members of St. Mary's Guild of Christ Episcopal Church will be attending the 75th annual meeting of the Women's Aux., Diocese of Bethlehem, to be held at the Cathedral Church of the Nativity, Bethlehem, on Tuesday. Since this is the regular meeting date of the local guild, they have postponed their meeting until Thursday, May 9, at 2:30 at the parish house.

The meetings in Bethlehem will open at 2 p.m. with an address by Rt. Rev. Frederick J. Warnecke, Bishop of Bethlehem. At 8 p.m. there will be a service of thanksgiving and remembrance, the presentation of the United Thank Offering and the Book of Remembrance. The sermon will be by Rt. Rev. Theodore R. Ludlow, retired Suffragan Bishop of New York.

Those attending the conference from Christ Church parish will be Mrs. Roy Houser, Mrs. William E. Andrew, Mrs. Philip E. Brundage, Mrs. Robert M. Howard, Mrs. James R. Gavin, Mrs. A. S. Phelps, Mrs. Charles A. Park, Mrs. Edwin F. Oettel and Mrs. L. H. Cross.

Valley WSCS Staffs Stands At Sports Car Race

Poplar Valley — Concession stands at the Pocono Sport Car races on Saturday were arranged by the Women's Society of Christian Service of the Poplar Valley Methodist Church. Plans for their activities there and reports of past projects were discussed at the WS CS meeting on Wednesday night at the newly-renovated social hall.

The opening devotions were on a Mother's Day theme under the direction of Mrs. Ernest Brewer. Mrs. Fred Dennis read poems and Mrs. Clyde Levergood led in prayer. A quartet composed of Mrs. Glenn Reish, Mrs. Elizabeth Schuler, Mrs. Donald Reish and Mrs. Ernest Brewer sang.

Members were invited to attend the WSCS Conference in Philadelphia on Tuesday, May 14. The group made a donation to the Cancer Fund and to the Cornwall Home Bazaar.

Proceeds of \$17 from the recent hymn sing were reported. Mrs. Orien Reish presided at the meeting and plans were made for a night meeting on June 5 with Mrs. Wilfred Wagner and Mrs. Horace Brewer, Jr., as hostesses.

Hostesses at the May meeting were Mrs. Harry Williams and Mrs. Albert Werkheiser. They served refreshments to Mrs. Carrie Dennis, Mrs. Elizabeth Schuler, Mrs. Herbert David, Mrs. Ernest Brewer, Miss Debbie Werkheiser, Mrs. Norman Dennis, Mrs. Glenn Reish and Mrs. Leonard Reish.

Ft. Dix Choirmaster, Fiance Of Local Girl, Wins Notice

The fiance of a Stroudsburg girl, Miss Vivian Amherst, is receiving wide recognition in his role as choirmaster of the 19th Army Band at Fort Dix, N.J. He is Specialist 3/c Kenneth Ellis, whose home is 3832 North Smedley St., Philadelphia.

Young Ellis was the subject of a feature article written by Harold Hadley for the Philadelphia Daily News recently.

"Take the Ft. Dix, N.J., choristers," the article says in part, "a group of champions, pride of the reservation, now spotlighted by the U.S. Army's information service."

"Tub-thumped above them all is a Philadelphian, Specialist 3/c Kenneth Ellis, choirmaster, who went into the service to do his hitch with a rifle or a pick or maybe even a parachute."

"He organized and trained and now batons the choristers of the 19th Army Band. S3/c Ellis conducts with the patience of Ormandy, the radar of Stowkoski. And he produces all types of performances with his army voices."

"The choristers have entertained at PTA meetings in communities within a wide radius of Ft. Dix, and they've been a hit on TV shows."

"What the fife and drum corps used to be, the choristers have become in the Army life at Ft. Dix. Choral groups are springing up all over. There were some with musical knowledge who challenged S3/c Ellis' position as 'the leader' and a championship tournament was held."

"Ellis' songbirds won in flat."

"Young Ellis is the son of William P. Ellis, Philadelphia tenor."

Family Square Dance Advanced By ESPTA

The Family Fun Square Dance being sponsored by the East Stroudsburg Parent-Teachers Association for Saturday night, May 11, at 8 p.m., at the high school gymnasium, is being planned by the chairman: Mrs. Raymond Poortstra and Mrs. James Gilfillan.

Emphasis is being placed on family participation in the party which will feature Eugene Walker's orchestra and Raymond Poortstra as caller. Popcorn to be served with soft drinks is being prepared by the Girl Scout troop of the Grace Lutheran Church.

Mrs. Harold Repsher has arranged for the distribution of posters, designed by David Miller, in the stores in East Stroudsburg. Tickets are on sale through the student councils of both the junior and senior high schools. Carol Shaffer is president of the Junior High Council and Denna Frederick of the Senior High Council.

Daughter For The Warys

A six-pound 12-ounce daughter was born to Mr. and Mrs. Harvey Wary, of RD 3, Stroudsburg, at the Monroe County General Hospital, East Stroudsburg, on Saturday, April 27, and has been named Lynn Dee.

Mrs. Wary is the former Lola White, daughter of Mr. and Mrs. Clyde White, of RD 3, Stroudsburg.

All of the baby's grandparents and great-grandparents are living. Maternal great-grandparents are Mr. and Mrs. Steward White and Mr. and Mrs. Herbert Pootey, of RD 3, Stroudsburg. Paternal grandparents are Mr. and Mrs. William Wary Jr., of Gilberton and great-grandparents are Mrs. William Wary, of East Stroudsburg.

Ft. Dix Choirmaster, Fiance Of Local Girl, Wins Notice

The fiance of a Stroudsburg girl, Miss Vivian Amherst, is receiving wide recognition in his role as choirmaster of the 19th Army Band at Fort Dix, N.J. He is Specialist 3/c Kenneth Ellis, whose home is 3832 North Smedley St., Philadelphia.

Young Ellis was the subject of a feature article written by Harold Hadley for the Philadelphia Daily News recently.

"Take the Ft. Dix, N.J., choristers," the article says in part, "a group of champions, pride of the reservation, now spotlighted by the U.S. Army's information service."

"Tub-thumped above them all is a Philadelphian, Specialist 3/c Kenneth Ellis, choirmaster, who went into the service to do his hitch with a rifle or a pick or maybe even a parachute."

"He organized and trained and now batons the choristers of the 19th Army Band. S3/c Ellis conducts with the patience of Ormandy, the radar of Stowkoski. And he produces all types of performances with his army voices."

"The choristers have entertained at PTA meetings in communities within a wide radius of Ft. Dix, and they've been a hit on TV shows."

"What the fife and drum corps used to be, the choristers have become in the Army life at Ft. Dix. Choral groups are springing up all over. There were some with musical knowledge who challenged S3/c Ellis' position as 'the leader' and a championship tournament was held."

"Ellis' songbirds won in flat."

"Young Ellis is the son of William P. Ellis, Philadelphia tenor."

Rev. Weinland Elected GDS PTA President

Newfoundland — Election of officers for 1957-58 highlighted the meeting of the Greene-Dreher-Sterling Joint School Parent-Teacher Association at which Leeland Cramer, Supervising Principal, was the speaker.

Rev. George Weinland, retired Moravian minister who served Canadensis and Newfoundland churches, was elected president of the PTA, heading this slate: Leeland Cramer, South Sterling, first vice president; Jean Burdick, Newfoundland, second vice president; Leon Schelbert, Green town, secretary; Mae Gilpin, Sterling, treasurer.

Installation of officers will be conducted at the May 27 meeting by Clayton Northup, Green town, retiring president.

The slate was presented by a nominating committee including Mrs. L. Webster Gilpin, Mrs. Robert Smith, and Mrs. Wardell Roebuck.

During the business session, an auditing committee including Richard McLain, Mrs. Robert Boehm, and Bennett Gilpin, was named.

Approved was a project for this year: purchase of an outside bell actuated by the master clock to call children from the playground; and purchase of maps, charts and globes for the school.

Named to a committee to make the purchases were Mae Gilpin, Leah Scott, Mildred Snyder and Leeland Cramer.

The PTA approved a motion to underwrite expenses for seven scouts to the appreciation dinner in Scranton. The organization is the scout sponsor for Troop 129.

Also approved was the sending of newly-elected PTA officers to the Northeast District session at Clarks Summit on May 11.

Speaker for the evening was Mr. Cramer, whose topic was "The Three R's — Reverence, Respect, and Responsibility." He explained the need for a student's respect for himself, his fellow classmates, parents and teachers, and for constituted authority. He also pointed out the importance of responsibility as a contributing member of the family unit, of organizations, and in participating in club, athletic and school work.

It's as well we noticed individual faces yesterday because from here on out the social pace is picking up to the point where everybody's going to turn into a blur like a picket fence from an express train.

Film On Cancer

PM Club At Webster Home

Swiftwater — The monthly meeting of the PM Club was held on Thursday night at the home of Mrs. Willard Webster with Mrs. Anthony Bolyen presiding.

Tentative plans were made for a dinner outing in the near future.

Present were Mrs. John Hamblin, Mrs. Carl Hamblin, Mrs. Russell Knerr, Mrs. Anthony Bolyen, Mrs. Russell Stout and Mrs. Willard Tyreman.

The May meeting will be held at the home of Mrs. Anthony Bolyen, Woodland Road.

Women To Finance New Roof For Parsonage

Willing Workers of Paradise Valley decided to finance a new roof for the parsonage at the meeting on Friday night at the home of Miss Margaret Bogert. They also set the date of the annual bazaar for Thursday, July 18, to be held at Harry Neiring's garage on Route 90 in Paradise Valley.

Miss Bogert served refreshments to Clair Shick, Lula Henry, Evelyn Beatty, Hilda Heydt, Millicent Neiring, June Heydt, Winnie Goil, Clara DePue and Florence Bogert.

The article concludes with the words:

"The Army's information service, always complete, states:

"Kenny's ear is the best attuned to the soprano voice of his fiancee, Miss Vivian Amherst, of Stroudsburg, Pa."

That "soprano voice" is also familiar in the Stroudsburgs. Miss Amherst was a member of the Stroudsburg High School choruses, and also of music groups at East Stroudsburg State Teachers College.

"The choristers have entertained at PTA meetings in communities within a wide radius of Ft. Dix, and they've been a hit on TV shows."

"What the fife and drum corps used to be, the choristers have become in the Army life at Ft. Dix. Choral groups are springing up all over. There were some with musical knowledge who challenged S3/c Ellis' position as 'the leader' and a championship tournament was held."

Just Between Us

—By Bobby Westbrook

Just Between Us 4/4 C.D.
We really didn't need sunshine over the weekend with all the bright and cheery faces blossoming again in familiar pastures.

The open house and dinner opening the Glen Brook social season brought reunions between local and State Belt members and their wives and proved that at least 60 people can eat at once in the new dining room. It also proved that bright cottons have taken over the fashion field for dinner parties.

Another welcome sight were the Russell Harmons back from all those months in North Carolina with daughters Susan in from Ursinus as a welcoming committee.

A bon voyage affair, that's what the after-church loitering on Main Street turned into with the Merle Ostroms barely making their way through the Presbyterians before the Methodists surrounded them to wish them God-speed. They're going to stay with the Hallocks from Wednesday until they leave on Friday for their new home in Florida.

And it was both hail and farewell for Pete Kiefer who stopped in from Colorado Springs to his new assignment at Fort Dix. And if you were looking for a surprise party you could list the Lafayette houseparty crowd who left the festivities at Mount Airy long enough to attend church on Sunday morning.

Also approved was the sending of newly-elected PTA officers to the Northeast District session at Clarks Summit on May 11. A GOOD place to start Operation Home Improvement is in the bathroom because the bathroom, more than any other room, indicates the age of the house. With the possible exception of the kitchen, there is no place in the home where the installation of modern equipment will make such significant improvements in appearance and utility. It only takes a little imagination to transform the most old fashioned bathroom into a thing of beauty. The plumbing contractors you see listed on this page will gladly supply estimates on bathroom modernization and also arrange easy payment terms to suit your convenience. With the cost of a bathroom modernization project spread over 36 months, the cost is moderate considering the enjoyment which all members of the family will derive.

Natural Organic Fertilizer Recommended For Lawns

HERE'S A GOOD tip from Trader's Flour & Feed Co. in maintaining a rich, luxurious lawn.

Hundreds of leading golf courses, whose turf must be kept in top condition, have found that they can maintain beautiful greens, tees and fairways by supplementing turf feedings with a 100% natural, non-synthetic, organic fertilizer. Home owners, too, report excellent results. Traders point out.

This 100% natural organic contains over 75% nitrogen, and produces thicker turf above ground and heavier roots below.

Not only is grass that gets this special-purpose feeding of better color, thicker and more luxurious, but also is far more resistant to

insect pests, disease and drought, because of its far stronger root system.

Safely Applied

In addition, this nitrogenous all-organic fertilizer may be safely applied on lawns at any time, even in hot Summer months.

A final word of advice from Traders: not only turf, but also your plants, bushes, flowers and vegetables, and all growing things, will benefit more from the use of special-purpose plant foods right now, and as instructed on the bags, throughout the growing seasons.

They provide the special elements

lawn and plants need, not just the primary elements, but also

that must be present to boost growth best.

Unless you use the special-purpose fertilizers "fitted" to their special needs, your lawn and plants will suffer from a deficiency of certain elements.

Small Cost Operation

THE HOMEOWNER can beautify an entire room at small cost by distinctive treatment of one wall. This becomes the room's focal point and makes extensive remodeling of all four walls unnecessary. This principle will save money for the homeowner who is modernizing a house, says the Construction Research Bureau, national clearing house for building information. In addition, this one-wall treatment is in great favor with interior decorators.

Liability Insurance

EVERY HOME owner's insurance program should include comprehensive personal liability insurance. If you are building, you should obtain this coverage as soon as you buy your lot.

Cushioned Grip

TO PROVIDE a broader, more comfortably cushioned grip on the wire handles of heavy cans or pails, sit a piece of garden hose and place over each handle.

Holbert Fastest 'Climber'

CLOSEST TO MISHAP AT HILL CLIMB—Allen Patterson, of Hawthorne Inn, Mt. Pocono, came closest to a mishap in the first annual Fox Gap Hill Climb Saturday when his Mercedes-Benz, 300SL, skidded off the highway and scraped the bank on the last 180-degree

angle turn. Patterson brought it out of the skid and streaked into the home stretch. This photo by Rod MacLeod, Daily Record photographer, shows the sports car off road and sliding toward bank where MacLeod was standing.

SECOND BEST TIME—Jimmy Dietrich, of Pen Argyl, driving a Chevrolet Corvette, posted the second best time up the 1.3 mile climb against the clock of the Pocono Sports Car Association Saturday.

Dietrich 2nd Best In Fox Gap Hill Race

BOB HOLBERT, of Warrington, Pa., posted the fastest time in the first annual Pocono Mountain Sports Car Association Hill Climb on Route 90 (Fox Gap) Saturday. Holbert, driving a Porsche Spyder, traveled the 1.3 mile course in 75.54 seconds.

Second, just six-tenths of a second off Holbert's pace, was Jimmy Dietrich of Pen Argyl. The State Bolt chauffeur, in his first race against the clock, drove his Chevrolet Corvette up the incline in 75.59 seconds.

Third was Phil Sharpless, Bryn Mawr, in a Mercedes-Benz 300SL, in the time of 76.37, while Art Kluth, Glen Burnie, Md., was fourth in 79.21 in a Kaiser Dart, while Stan Riker Jr., Ridgewood, N. J., was fifth in 81.32 in a Jaguar XK140 M.

PMSCA officials estimated a crowd of close to 5,000 watched the all-day proceeding which got under way at 10 a.m. and continued to 5:30 p.m.

Ninety three entries vie for awards in nine groups with prizes awarded to the three best times in each category.

The course, with two 18-degree turns and three 90-degree angles, turned up only two near accidents. However, no injuries were suffered by any of the drivers. One car reported in with a smashed headlight after spinning around one turn.

De Vincenzo

FORT WORTH, Tex., May 5 (UPI)—Roberto de Vincenzo, the happy Argentine, won the \$25,000 Colonial Invitation Golf Tournament today.

De Vincenzo, professional of the Mexico City Country Club who plays only occasionally in the United States, fired a 2-under-par 68-70 final 36 holes for a total of 284 to bag the \$5,000 first money.

The most forlorn man was Walde, the leader at 36 holes. He too five-over-par 75 and a 76 on the last two rounds and finished in tie for 11th place.

THE LINEUP—Part of the 93 Sposr Car entries in the Fox Gap Hill Climb await their word to start individual race up Route 90 Saturday in the Poplar Valley section of the "Track." Looking over the clear road ahead, left, is Russell Miller, Pocono Mountain Sports Car Association official.

Yankees Pull Into AL Lead

Sweep Pair From White Sox;
Milwaukee Ups Edge In NL

Shantz And Kucks

CHICAGO, May 5 (AP) — With steady pitching from Bobby Shantz and Johnny Kucks, the New York Yankees today throttled the Chicago White Sox twice, 4-2 and 3-0. In sweeping the three-game series, the world champions rode a six-game winning streak into the American League lead by a ½ game edge over Chicago.

In each game, the Yankees sewed up victory with three-run fourth innings that had as much chilling effect on the Comiskey Park crowd of 41,304 — largest in the league this season—as the 58 degree temperature.

Bosox Capture Two

CLEVELAND, May 5 (AP) — Jackie Jensen's two-run homer was the clincher as the Boston Red Sox won the second game of a doubleheader from the Cleveland Indians, 4-3, after they captured the opener, 8-1. The double victory boosted the Red Sox into third place, ahead of the Indians.

A's Win—Morgan

KANSAS CITY, May 5 (AP) — Tom Morgan got airtight support that included four double plays today and smothered the Washington Senators 7-2 before 11,462 fans. The win put Kansas City two-up in the three-game series.

Tigers, Lary Victors

DETROIT, May 5 (AP) — Frank Lary pitched the Detroit Tigers to their fourth straight victory and Charlie Maxwell drove in the deciding runs with a seventh inning single in a 2-1 triumph today over the Baltimore Orioles.

Girls Javelin Mark

PHILADELPHIA, May 5 (AP) — Majorie Larney of New York set a new American girls javelin mark yesterday with a heave of 173 feet 7 inches during an inter-city AAU track meet.

Services For Golfer

PHILADELPHIA, May 5 (AP) — Funeral services are scheduled tomorrow for Mrs. Myra Doremus Patterson, a leading golfer in the early part of the century who is credited with helping organize the U. S. Women's Golf Assn.

Trainer Blasts Derby Aides, Upholds Shoemaker's Race

By JOHN CHANDLER

LOUISVILLE, Ky., May 5 (AP) — Gallant Man's trainer leveled a blast at Churchill Downs today, and said jockey Willie Shoemaker "rode a masterful race" in the Kentucky Derby although he dropped a nose decision to Iron Liege from the Calumet Farm.

In one of the weirdest, tightest and most exciting finishes in the history of the 83-year-old horse race, "Silent Shoe" from El Paso, Tex., stood up in the saddle just when it appeared as if his colt might catch Iron Liege near the finish. Quickly realizing he had misjudged the finish line, Shoemaker went back to work on Gallant Man, but it was too late.

"But, they have to run a mile and a quarter race on a one mile track, so the start has to be at the head of the stretch. What happened yesterday was more the race track's fault than Willie Shoemaker's."

"That was just something that could happen to any rider," said Johnny Nerud, who trains Gallant Man for Ralph Lowe of Midland, Tex.

No Doubt

"There was no doubt we were going to win the Derby, for Willie rode a masterful race, but that was just one of those things.

"I blame the race track, not Shoemaker. They got no business putting the finish wire down near the first turn, and all those poles are the same color."

He alluded to the white poles with yellow tops that mark off the various distances as they are being run, such as the last eighth of a mile, the sixteenth pole, and the top 3-year-old in his barn, also would accompany Iron Liege to Baltimore. Gen. Duke was withdrawn from the Derby early Saturday due to a foot bruise.

"The foot is much better this morning," Jones reported. "The heat's out of it, but we hit the jackpot with Iron Liege and if the Duke's injury doesn't come around satisfactorily we're still in pretty good shape."

Ben Jones, who saddled five Calumet Derby winners but now is the general manager, said Iron Liege won despite being in trouble on the last turn, three-eighths of a mile from home.

The Wheatley Stable's Bold Ruler, the favorite, finished a mile and a quarter race on a one mile track, so the start has to be at the head of the stretch. What happened yesterday was more the race track's fault than Willie Shoemaker's."

To Baltimore

Jimmy Jones, as happy as Willie Sutton in a bank, said he planned to ship Iron Liege to Baltimore on Tuesday for the \$100,000-added Preakness May 18 at Pimlico. The Calumet trainer said Gen. Duke, always regarded as the top 3-year-old in his barn, also would accompany Iron Liege to Baltimore. Gen. Duke was withdrawn from the Derby early Saturday due to a foot bruise.

"The foot is much better this morning," Jones reported. "The heat's out of it, but we hit the jackpot with Iron Liege and if the Duke's injury doesn't come around satisfactorily we're still in pretty good shape."

Ben Jones, who saddled five Calumet Derby winners but now is the general manager, said Iron Liege won despite being in trouble on the last turn, three-eighths of a mile from home.

Bechtel Called To Active Service Duty

WILLIAM A. BECHTEL, of Stroudsburg Rd 2, has been recalled to active duty in the U. S. Air Force.

He received notice Saturday to report to Eglin Air Force Base, Valparaiso, Fla., May 27. He will be assigned to the 48th Air Rescue Squadron, Military Air Transport Service. The unit is assigned to the Caribbean area. Bechtel's rank is technical sergeant.

He served in the U. S. Marine Corps from 1944 to 1952 in the Pacific, European and Caribbean areas. After leaving active duty, Bechtel enlisted in the U. S. Air Force Reserves.

Commander

A member of Flight B, local Air Force Reserve unit, Bechtel was also group commander of Group 140, Civil Air Patrol, which comprised squadrons in the local area.

His specialty is rescue and survival work. He was active in this field during the days immediately after the 1955 flood here. For this activity, he was presented the Distinguished Service Award by the U. S. Air Force.

Bechtel's wife and two children will accompany him to Florida on his new assignment. The entire family will reside on the base.

Water Gap Man Placed In Jail

ROBERT Sebring, Delaware Water Gap, has been committed to the Monroe County Jail to await court action on a charge of assault and battery involving his sister, Gladys, Borough Police Chief Fred Decker reported last night.

Sebring pleaded guilty to the charge at a hearing Saturday before Justice of the Peace Marshall Neyhart. He was then committed to the county lock-up in lieu of \$500 bail.

Treatment

Chief Decker arrested Sebring Saturday after his sister was released from General Hospital where she was treated for injuries suffered during a fracas Thursday.

Earlier, Sebring paid a fine and costs on a disorderly conduct complaint growing out of the incident.

Free and Open to the Public

The Christian Science Reading Room in your community is maintained in simple gratitude by your Christian Science neighbors.

It stands as an outward sign of their appreciation of benefits received through Christian Science — benefits equally available for you.

Release from disease, from fear and limitation, has come from multitudes as they have quietly pondered the Bible teachings in this great new light.

You are welcome at the public Reading Room near you. Here the Bible and the Christian Science textbook

SCIENCE AND HEALTH with Key to the Scriptures
by Mary Baker Eddy

may be read, borrowed, or purchased. You may here investigate for yourself its healing message.
